Mr. S. R. Morss,
R. 3,
BRADFORD,
Mass., USA

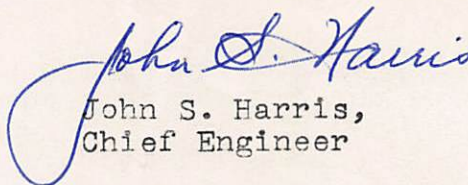

Dear Mr. Morss:-

We are very happy to send you this letter as verification of reception of our DX program on January 20th, from 4:00 to 4:30 A.M. Atlantic Standard Time. Your reception report checks accurately with our station log, although many of the reports we received also complained of QRM from WEDC, as well as the tone testing on our channel.

We hope next time to have a clear channel, so that we may add Prince Edward Island to the DZ logs of many of the listeners who were not able to hear our program through interference.

Thank you again for the fine report, and we wish you the very best of luck in continued DXing.

Sincerely Yours,

John S. Harris,
Chief Engineer
